Portfolio

REAL ESTATE

This website, called “SmartSpace,” offers living and office spaces for smart people, with low rates, instant support, and new kinds of high rooms nearby. 🏠

Technologies:

JavaScript, HTML5, SCSS, GULP, Git

Link: <https://romanmakoviichuk.github.io/RealEstate/>

SLIDES IQ

This website offers PowerPoint presentation design services specifically designed for company and business executives with over 20 years of experience creating a positive impression for startups and Fortune 500 companies. 📄

Technologies:

HTML5, GULP, JavaScript, SCSS, BEM, Figma, Git

Link: <https://romanmakoviichuk.github.io/Presentation-Assets/>

Hobbies

I love music, play many musical instruments, and post videos on TikTok. I like to play chess and play futsal.

SUNITY

This site provides services for the installation of solar panels. It has a lot of calculators that calculate the cost of services, online chats, and callbacks.

Technologies:

JavaScript, HTML5, SCSS, BEM, Shopify

Link: <https://www.sunity.fr/>

TrueMaster

This site provides electronic equipment repair services. The site has a callback feature.

Technologies:

HTML5, CSS, JS, PHP, GULP, BEM, Git

Link: <https://romanmakoviichuk.github.io/TrueMaster/>

More information and projects are available on my business card website.

Education

Master's degree, national academy of internal affairs, Kyiv

September 2012 — December 2018

Having graduated with a master's degree in psychology, I have extensive experience in dealing with people, which has improved my self-organization, time management, and communication skills.
